RE: NALS . . . the association for legal professionals

Dear PLSA Member:

It is a rare occasion that a local member climbs the ladder on the national level of NALS . . . *the association of legal professionals*. In March 2010, one of our most respected colleagues, Patricia E. Infanti, PP, PLS, will have made it to the final rung of that prestigious national ladder and will be installed as NALS President.

Patti is well respected across the country by both members of NALS and other professionals with whom she has had the opportunity to encounter. Patti's tireless efforts to encourage professionalism and continuing legal education exhibit her dedication to the legal profession.

As career professionals, we share an interest in the betterment of the legal field. As members of NALS, we continually seek an improved association. We believe that Patti's term will provide us with these opportunities. In order to make her installation the gala event we foresee, we are asking for your material support to reach that goal.

I hope that you will join us in assuring that Patti receives the support from her colleagues that she deserves. Please make contributions payable to "NALS, Inc." and forward to:
